Retail Bank

BREAKING NEWS

Petition Closed :

Hundreds of workers across the UK have signed

Overwhelming Verdict :

NatWest have treated their workers unfairly

Following the tremendous response to our petition your Unite team NatWest have requested a meeting with the bank in November to discuss the unfair treatment of branch managers. We hope that as a result of this meeting common sense prevails and all branch managers will be treated fairly. As such we will delay our next steps until your Unite team meet with the bank.

We will of course update everyone on any developments.

It was amazing to see so many non Unite members showing solidarity with their branch manager colleagues and we thank you all for this. It is the collective strength of a union which makes us strong. The more members we have, the stronger and louder your voice becomes.

If you are not yet a member and your want to continue to support your colleagues then join Unite today by scanning the QR code below or by clicking here https://join.unitetheunion.org/
